General School Information

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. The Board's comprehensive policy manual is available for public inspection through the District's website.

Welcome to Students

On behalf of the faculty, staff, and administration we urge you to be an active participant in your education, strive to do your best, and continue to develop positive behavior. The Jr/Sr High School has a great deal to offer you in both learning and enjoyment, and we encourage you to take an active role in all of our programs. Primarily, your junior and senior high school years will be a time to build some of the most memorable years of your life. A big part of succeeding in junior and senior high school is putting your academics first while taking advantage of the new opportunities surrounding you.

All the courses you take throughout your junior and senior years will help you to prepare successfully for career and college. The junior high has a great deal to offer you in both learning and enjoyment, and we encourage you to take an active part in all of our programs. The courses you take in high school earn credits for you to advance to the next grade and remain on track for your high school diploma. This is your time to do extremely well! The high school also opens the doors to plenty of new activities, clubs/organizations, social events, and numerous athletic programs. High school is a gateway to prove you are not a kid anymore and that you are mature and responsible enough to handle additional freedoms. We know that you are capable of great success and we respect your abilities as a young person.

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. It contains information about the academic curriculum, our school organizations, and the school's general regulations. It will help you and your parents to become familiar with W-P Jr/Sr High School policies. However, no attempt has been made to include all aspects of the school procedure. Individual rights will be protected, however no individual has the right to disrupt the learning opportunities of other students. Various situations arise from time to time that will be addressed on an individual basis.

If you have any questions or concerns that are not addressed in this handbook, you are encouraged to talk to your teachers or the Jr/Sr High School principal.

We Welcome Parent Involvement

The W-P Jr/Sr High School Staff believes that durable and significant learning by a student is more likely to occur when there is an effective partnership between the school and the student's parents/guardians ("parents"). We welcome parents and encourage them to get involved meaningfully. It is important to us that an open line of communication is established between home and school.

We want to ensure you that the faculty, staff and administration will work with you and your child to help accomplish the goal of graduation and success as an adult. It is important to us that an open line of communication is established between home and school. We know we can't accomplish this goal by ourselves. Together we can work to establish expectations and monitor progress. In order to trust each other we have to communicate as much as possible so students hear the same message on the importance of their academic progress. Please don't hesitate to talk with your child and your child's teachers to help you stay on top of your child's academic progress. Feel free to check grades online, email and/or call us at school anytime. To start the process that will provide a mutually supportive school and home environment that encourages learning, you and your student will also be given the ability to access Skyward Family Access. Lastly, we encourage you to ask your child to listen to our daily announcements and share important information with you. In addition, you can check our website at www.wpas.net and click on our junior/senior high school link to stay connected with what's happening in our building. After discussing and reviewing the handbook with your child should you have a question, please feel free to contact the building principal.

We view parents/guardians as V.I.P. (Very Important Parents) and again encourage them to get involved. Parents who would like to volunteer at the school or school related events – should contact the Jr/Sr High School Principal, Clinton Miller. We value your partnership and look forward to another wonderful school year.

District Policy on Parent Involvement is available on the District's website.

Equal Opportunity/Nondiscrimination Statement

The Whittemore-Prescott Board of Education complies with all Federal laws and regulations prohibiting discrimination and with all requirements and regulations of the United States Department of Education. Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

As a recipient of Federal funds for various educational programs, Whittemore-Prescott Area Schools recognizes and agrees with Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act 1973, as amended.

The above was adopted by resolution of the Whittemore-Prescott Area Board of Education on October 11, 1976, and on May 12, 1980 respectively.

School Day

The building's hours of operation are from 7:30 a.m. to 3:30 p.m. Classes begin at 7:55 a.m. and school is dismissed at 3:00 p.m. We encourage you to try to schedule doctor, dental, and other appointments around school hours. If this is not possible and your child arrives late or needs to leave early, parents or guardians will need to go to the office to check students in/out.

Students are not to stay after school unless under the supervision of a coach, advisor, or staff member.

Student Well-Being

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the School office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a physician, to the School Office.

Injury and Illness

All injuries must be reported to the nearest staff member. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes ill during the school day should request that the office phone his/her home to be picked up from school. No student will be released from school without proper parental permission.

Homebound/Hospitalized Instructional Services

A student who is absent or whose physician anticipates the student's absence from school for an extended period of time, or has ongoing intermittent absences because of a certified medical condition, may be eligible for instruction in the student's home, hospital, or licensed treatment facility. To be eligible for such services, the student's attending physician must certify that the student has a medical condition that requires the student to be confined to the home or hospitalized during regular school hours for more than five (5) consecutive school days. Students who are able to attend school part-time are expected to do so and do not qualify for homebound and hospitalized services.

For students educated under an IEP or 504 Plan, the amount or type of instructional services provided may vary.

For information on homebound or hospitalized instructional services, please contact: Hannah Wanks, Special Education Coordinator.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan should be submitted to the school office. Parents/guardians are responsible for and should:

- a. Inform the school in a timely manner of any changes which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers of health care providers.
- c. Sign the Diabetes Care Plan
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Your child may also be eligible for an individualized Section 504 Plan to provide needed supports and accommodations so he/she can access educational programs and services. For more information, contact Hannah Wanks, Special Ed/Section 504 Coordinator.

Enrolling in the School

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides unless enrolling under the District's open enrollment policy.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- a birth certificate or similar document,
- court papers allocating parental rights and responsibilities, or custody (if appropriate),
- proof of residency,
- proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. WPAS will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students, with the proper form on file, have the responsibilities of both student and parent.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary

purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

Age of Majority

Although 18-year-old students are recognized as adults under the Age of Majority Act, school officials are nonetheless committed to the equal treatment in application of school policies and procedures to all students. With the exceptions noted below, school district policies and procedures set forth apply to all students, regardless of their attainment of the age of majority. Students 18 years and older may:

1. Have the same privilege as their parents/guardians as it relates to access or control of their student records;
2. Represent themselves during disciplinary conferences and be the addressee for their grade reports
3. Sign themselves in and out of school and may verify their own absences. NOTE: All attendance standards continue to apply;
4. Provide reason(s) for their absences and tardies, but are held to the same attendance requirements as other students, including the acceptable reason(s) for an excused absence.

Eligible students who wish to assert these rights should register their intent on the appropriate form in the high school office. Until such time as the eligible student registers this intent, school officials will not apply the above exceptions to school policies and procedures.

Scheduling and Assignment

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the academic counselor and principal. Students may be denied course enrollment due to a lack of available space or the need to pass prerequisites. Students are expected to follow their schedules. Any variation should be approved with a proper schedule change.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

Schedule Changes

Schedule changes will not be made after the first week of a class (max. 5 days). Class changes may be allowed for legitimate reasons only such as:

1. The student had placed his name on a waiting list for a class that was full when scheduled.
2. Due to a failure in a required class that must be made up.
3. After five days exceptions may be considered if a student becomes physically unable to continue in the class.
4. Students will be permitted to drop a yearlong class only at the end of a semester.

Early Dismissal - Leaving the School Grounds During the Day

No student will be allowed to leave school prior to dismissal time without parent/guardian permission. Regardless of age, after a student has arrived on school property, he/she is not allowed to leave the school grounds during school hours without permission from the principal's office and his/her parent/s. Students requiring an early dismissal from the normal school day must present a note, dated and signed by the student's parent/legal guardian, with an explanation as to the reason for the early dismissal. This note is to be presented to the office before 7:55 am. In an emergency situation, a phone call from a parent/guardian or authorized adult on file may dismiss a student once the parent/guardian verifies personal information. Students must be signed out at the office before leaving school grounds. Students will only be released to the custodial parent, those the custodial parent has given written permission for and/or those named on the enrollment/registration form.

Transfer Out of the District

Parents must notify the office about plans to transfer their child to another school. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records may not be released if the transfer is not properly completed. Parents are encouraged to contact the building secretaries or principal for specific details.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

Withdraw From School

1. Students must report to the office for a "Withdrawal Form," which must be taken to each teacher and the librarian for their signatures verifying all books are checked in and fees paid. The counselor, athletic director, kitchen, and class advisor must also sign the form.
2. When the withdrawal form is completed (including parent/guardian signature) and returned to the office, grades will be forwarded to another school requesting records.
3. Students who withdraw from school are not to be on school property (during the school day unless they have permission from the office).
4. Students who have withdrawn may not be re-enrolled during the same semester unless they are transferring back from current attendance at another school.
5. Students who withdraw will not qualify to purchase tickets to any school event at student rates.
6. Students who withdraw will not be permitted to attend or participate in class-sponsored activities.
7. No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents.

Entering/Exiting the Building

ALL students, parents, and guests are to enter and exit the building through the main doors at the front of the building.

Guest Teachers

Guest Teachers are employed by the school district to carry on the educational program during the absence of the regular classroom teacher. Guest Teachers at Whittemore-Prescott JR/SR High School are the teacher of record during the school day. It is the expectation of the administration and faculty that students will be cooperative and supportive of the Guest Teacher.

Beverages

Only clear water in clear containers is allowed outside the cafeteria. All food and beverages brought for lunch must be kept in your locker and sealed until in the cafeteria. Energy drinks are discouraged. Students are encouraged to bring only healthy drinks for lunch or afterschool activities. Drinks such as Powerade, Gatorade, and pop are not permitted outside the cafeteria. Only clear water in clear containers is allowed to be taken from class to class. Filling water bottles and purchases of water must be completed before school or during passing time.

Immunizations

Michigan law requires that each student, upon entry into kindergarten, 7th Grade, or children entering a new school district in grades 1-12, must possess a certificate of immunization at the time of registration or not later than the first day of school.

There are three circumstances in which a required vaccine may be waived or delayed:

1. A *medical contraindication form* **is required to be completed and signed by the child's physician** and shall state the contraindication(s), the vaccine(s) involved, and the time period during which the child is precluded from receiving the vaccine(s).
2. A parent or guardian, who holds religious or philosophical beliefs which preclude receipt of a vaccination(s), must sign and complete an *immunization reporting waiver form at the health department*. Immunization reporting waiver forms not completed correctly will be denied. A new immunization reporting waiver form must be presented each year the child's immunization status is reported.

3. The child has received at least one dose of required vaccine(s) and the next dose or doses are not yet due. A child who fails to meet immunization requirements shall not be admitted to school.

Medication

In order for medication (either prescription or over the counter) to be administered to your student, a permission slip form (available from the office) signed by a physician must be on file. Students are not allowed to possess any medications without prior administrative approval. Failure to follow this rule violates the school’s drug policy and is subject to the following consequences:

If a student is in possession of over-the-counter medications and/or prescribed medication for personal use, the student shall be suspended out of school for up to 10 days, or less if the student/parent provides to the office a physician’s signed copy of the school medication document that authorizes the student to use the medication in question.

A copy of the policy for the administration of medications is available upon request from the office.

Communicable Diseases

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school will observe recommendations of the Michigan Department of Community/Public Health regarding communicable diseases.

1. The student's parent/guardian is required to notify the school office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian.
3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

District Policy on Communicable Diseases is available on the District's website.

Individuals with Disabilities

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEA) and State law. Contact Hannah Wanks, Special Education Coordinator to inquire about evaluation procedures and programs.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extra-curricular programs of the District. It is, therefore, the policy of this District that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular program offered by the District. Parents should contact the building office to inquire about evaluation procedures and programs offered by the District.

Drug-Free School

In compliance with the Federal Drug-Free Schools and Communities Act of 1989, Public Law 101-226, Whittemore-Prescott Jr/Sr High School adopted and implemented a drug prevention program for its students. Education and prevention programs have been implemented within the curriculum and disciplinary sanctions will be imposed on students who violate the prescribed standards of conduct. Area mental health organizations and district social workers and counselors are available to help anyone who needs additional information regarding this problem. For more information on this matter, refer to the latter part of this handbook on possessing and/or use of controlled substances.

FERPA

Our school district currently receives funds from the Federal government to support supplemental programs designed to help children reach high academic standards. In receiving funds for these programs the district has a requirement to inform you of information available to you regarding the professional qualifications of your child's classroom teacher(s). Information will be provided to you upon request and in a timely manner of the following:

- Whether your child's teacher has met Michigan qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your child's teacher is teaching under emergency or other provisional status through which Michigan qualification or licensing criteria has been waived.
- The baccalaureate degree major of your child's teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.
- You may request additional information on the level of achievement of your child in each of Michigan's assessments.
- You will also receive timely notice if your child is, for whatever reason, assigned, or has been taught for four or more consecutive weeks, by a teacher who is not highly qualified. A highly qualified teacher would be defined as a teacher that meets Michigan's qualifications and licensing criteria for the grade level or subject area in which the teacher is providing instruction.

As a district, we are also required to inform you of your rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's education records within 30 days of the day the school receives a request for access.
Parents or students over 18 years of age (eligible students) should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate.

Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order, so long as the parents/guardians or eligible student is notified of the court order before the documents are produced; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

- The right to a copy of any school student record proposed to be destroyed or deleted. Education records are maintained for at least 60 years after the student graduates or permanently withdraws. If the student transfers, education records are maintained until the next school district requests the records.
- The right to prohibit the release of directory information. Throughout the school year, the District may release directory information regarding students, limited to the District's defined list of information that is "directory information" as contained in the District's policies and procedures. Such directory information may include:
 - Name
 - Address
 - Grade level
 - Birth date and place
 - Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
 - Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
 - Academic awards, degrees, and honors
 - Information in relation to school-sponsored activities, organizations, and athletics
 - Major field of study
 - Period of Attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

- The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent. Federal law requires a secondary school to grant military

recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

- The right to file a complaint with the U/S/ Department of Education concerning alleged failures by Whittemore Prescott Area Schools to comply with the requirements of FERPA.

Student's Financial Obligations

Local, state, and federal taxes pay for much of the cost of your education. Students will be required to pay for any undue damages, i.e. lockers, books, desks; library fines; lunch charges; merchandise sold, class dues, etc. Failure to pay such charges may result in exclusion from school dances, positive behavior trips, or other non-academic field trips.

Money-Making Activities

Students participate in class or group sales voluntarily. Once merchandise is checked out, a student will be held accountable for the full value of items received. All money will be collected within 30 days of the end of the sale. Students delinquent on payment of sales may be subjected to legal consequences.

Any items not directly connected with school-sponsored activities or groups at Whittemore-Prescott Area Schools are not to be sold on school property/buses.

Requests for social and money-making activities should be submitted to the principal as early as possible in the school year, so the activities can be well planned. The principal must approve all money-making activities sponsored by any Whittemore-Prescott school group.

Forbidden Articles

Problems arise because children bring articles to school, which are hazardous to the safety of them, and others, or that interferes with school procedures. Such items would include glass containers, aerosol containers, survival bracelets, spit wad shooters, baseballs or other hard balls, weapons, drugs/alcohol/tobacco products, vaping paraphernalia, lighters, matches, radios, trading cards, laser lights, chains, permanent markers, mace, pepper spray, etc. Items causing a disruption to the learning environment could be added to this list.

The above items should be left home and not brought to school.

Students caught with forbidden articles will be subject to discipline according to the handbook. Forbidden articles will be confiscated and may be returned to the student or parent at the end of the day provided the item does not have to be turned over to law enforcement. Repeated offenses may result in the item being confiscated for a longer period of time and may be returned to the parent following a meeting with the principal or his designee.

Students are prohibited from using cell phones, ECD's, I-pods/MP3 players, electronic games, pagers or other electronic communication devices (ECD) or having them "ON" during class hours unless permission is granted by a supervising staff member for educational purposes. Students are required to abide by Whittemore-Prescott's acceptable use policy at all times. This policy is signed at registration or enrollment.

Cameras should not be brought to school unless it is required for a project, taken on a field trip, or for special activities. Photos taken on these occasions must be kept private and not be published.

School discipline will be implemented according to the handbook. Forbidden articles will be confiscated and may be returned to the parent following a meeting with the building administrator if the item is not turned over to law enforcement.

Lockers

A school locker is provided for student use during the school year. The lockers are the property of the school. Students

may only use magnets and poster putty to attach items inside their lockers. Writing, stickers, indecent or offensive materials, and similar items are not to be placed on the inside or outside of any locker. Students are responsible for keeping lockers in good order and for any excessive damage or wear. Do **not** bring personal property or valuables to school. The school is not responsible for losses occurring from lockers.

Lockers must be cleaned before the end of the school year or the student(s) responsible for the locker may be fined. The repair cost of any lockers maliciously damaged will be charged to the individual responsible and may result in school suspension as well. Students must use their assigned locker and any locker assignments are not to be changed without permission of the principal. Lockers do not have locks. Students are strongly encouraged to purchase locks for their lockers. Students may attach their own locks under the following conditions:

1. The lock is a combination-style padlock.
2. The combination code is on file in the school office before putting on the lock.
3. If school officials want to inspect the locker and the combination does not work, locks will be cut off with NO reimbursement of damage to the student.

Your locker may be inspected at any time pursuant to the following search and seizure guidelines.

Search and Seizure

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers and desks under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search. Student lockers and desks are school property and remain at all times under the control of the school district; however, students are expected to assume full responsibility for the security of their lockers and desks.

Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.

A student failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student's person and/or personal effects (e.g., purse, book bag, and athletic bag) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

Tornado Regulations

During a tornado drill, the staff will be notified over the PA. Everyone should keep calm, and teachers should remind students of where the safe areas are.

If a tornado has been sighted in the immediate area, we will announce on the PA “This is a tornado warning, go to the safe areas.” If there is a power failure, alternate notification methods will indicate that a tornado is imminent.

Preparedness for Toxic and Asbestos Hazards

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction.

District Policy on Toxic and Asbestos Hazards is available on the District’s website.

Parents/Visitors in the Building

We welcome parents in our building. In order to maintain a safe and orderly atmosphere, we ask that all parents sign in at the office and obtain a visitor’s badge before entering the building. Those picking up students must remain in the office and students will meet them there. Due to hallway congestion at the beginning and end of the school day, we request that parents and guests remain in the office until the hallway is clear of students at which time staff will direct you. Visitors are not allowed during the school day.

Students are not permitted to bring visitors onto school grounds during the school day. All trespassing, violence, disorderly conduct, loitering, property damage, or unsafe driving by persons not enrolled at Whittemore-Prescott Area Schools will be reported to the police for possible prosecution. Flowers, notes, letters, etc. delivered to school may be picked up at the student at the end of the day.

Library Regulations

The library is available to students for research, reading, and computer use. Since it is a place to study and work, everyone is expected to help contribute to this atmosphere. The library is open before school for anyone who needs to use library resources. During the day the library is available for use with a pass from the librarian.

The library lends books – you borrow them – they are not the student’s property. The student library number for checking out materials is the same number used in the cafeteria. Books and magazines are scanned and checked out to the students for two (2) weeks. If a book is not returned on time, a ten (10) cents per day school day fine will be assessed. If a book is lost, report it immediately to the librarian. If it is not found in a reasonable amount of time, the student is responsible for paying for it.

Books and computers are expensive and must be treated with care. The following rules apply:

- No jackets, book bags, food, candy, drinks, or gum are allowed in the library.

- Do not write in a library book.
- Use a bookmark to mark your place in the book. Do not fold pages.
- When using a computer all of the rules in the Computer Use Code of Ethics apply. Additionally, before a student prints anything from the computer, ask permission to make sure the printer is ready for the student's work. Only school related material is to be printed.
- Students are not to use the copy machine. If you need a copy of material for an assignment, ask the librarian. The only material to be copied is that which is directly related to class assignments.

The library staff is here to help. If you cannot find what you're looking for, please ask.

Telephone

The business phones located in the Junior/Senior High School office are not to be used for unofficial business. In the event that a student should need to use the school business phone, the student will be required to document his/her call in the office.

Cell Phone/Electronic Devices

As per board policy, cell phones and PCD's must be turned off and put away during class. Please read the entire board PCD policy on the district website. In order to limit disruptions to the educational process, additional regulations may be imposed.

Grade Classification – High School

Students will be classified as follows:

Class of 2022 and beyond
Grade 9 (0 to 4 credits)
Grade 10 (4.5 to 11 credits)
Grade 11 (11.5 to 18 credits)
Grade 12 (18.5 + credits)

- Students may appeal for a higher grade classification by submitting a written request to the principal by **September 6, 2021**. A committee will meet with the parent/guardian and the student to determine if the appeal will be granted. The decision of the committee will be final. Exceptions may be made for students that can graduate with their cohort their final year.

Note: Students can earn outside credits after completion of one semester at Whittemore-Prescott High School, with prior written approval of the principal. These credits will be accepted as credit only and counted only as Credit/No Credit - no

grade point average will be carried over into the high school. These credits may be used to recover lost credits in core academic areas only after the student has tried and failed to earn credit in the traditional classroom setting.

Credit Transfer

Whittemore-Prescott High School will accept credits and grades earned towards graduation only from accredited high schools. An accredited high school is one certified by the North Central Bureau of Accreditation or by the State Accreditation Department. Credits from a registered home school program or other individualized school program will be evaluated on an individual basis prior to acceptance. Grades will not be transferred, only credit.

Test Out Policy

*Michigan law provides opportunities for high school students to demonstrate content mastery of a particular course by successfully completing and scoring well on a single test or series of tests created by the subject area department. These tests will be given **twice** each school year at the high school. Students are required to satisfy the Michigan Merit Curriculum (MMC).*

Content Mastery

The following are the levels of content mastery for testing out:

- **Scores of 79.4% and below** will not demonstrate proficiency and students will be required to take the course for high school graduation credit.
- **Scores at 79.5% or above** will demonstrate proficiency and students will have fulfilled the requirement for course sequence. No letter will be applied to the student's grade point average. If there are multiple tests required for said class, students must pass each test with an 80%, **not an average** of all the tests.

Testout Procedures and Deadlines

- The intent of “testing-out” is to provide exceptionally able students options beyond what they might have if required to take Courses in which they have already mastered the material.
- Students may attempt test-outs twice each year. Applications for testing out must be completed and turned into the high school counseling office by the last school day in **June** (for the August test-out) and/or the last school day in **November** (for the December test-out). They are available in the Academic Guidance Office.
- Teachers **will not** provide any instruction to prepare students for these tests. Each department **will** provide a syllabus so that students know what the test will cover and any additional items (demonstrations, research papers, portfolios, etc.) that will be required as part of the comprehensive evaluation. The syllabus will include a list of reading materials and a copy of the curriculum.
- Study materials will also be available for student use, and students will be contacted by the Academic Guidance Office when they can pick up these materials. Students **must** return all school materials on the day of the test-out exam.
- The tests will be scheduled the week prior to the start of school and in December. The notification will include exact time and location for the exams to take place.
- Test-out exams will be scored as soon as possible after the test date but no later than the start of the respective semester.
- Students who pass the assessment will have their results recorded on their transcript at “TO” (tested out) and be promoted to the next course in the academic sequence (if applicable). Students should make an appointment to see the Academic Guidance Counselor to make a schedule change. A copy of the test out results will be placed in the student’s CA60.
- The maximum number of tests a student may request each testing session is two.

Retention Policy – Junior High

Any student grades 7 or 8 earning (4) four or more report card “E’s” or displaying poor attendance throughout the school

year will be flagged. Grade level teachers may meet with the flagged student's parents to determine whether retention and/or summer school will be required. Grades, attendance, state assessment performance, and exit tests will be considered as determining factors. If the parent is unable to attend the meeting, the scheduled meeting will be held in their absence, and the findings will be reported to them by phone or mail. If upon the recommendation of the grade level teachers, the parent is unsatisfied with the decision, an appeal in writing can be made to the superintendent within five school days. Students who have been retained will be placed in Academic Support, Directed Study, Title One, focused, or remedial classes when available until it is determined by teachers that the student can and will achieve academic success without this support.

Extended Day/Summer School

Students who fail a class with a 50 to 59% may recover .5 credits for that class by attending summer school. Students who earn less than 50% in a class are not eligible for summer school.

- Summer School is approximately 15 days long.
- Students are allowed one absence during the 15 days. Upon the second absence, for any reason, the student will be dropped from the program.
- All school/handbook rules are in effect. Any student who misbehaves in class or on the bus may be dropped from the program.
- Upon successful completion of a class with 70% or higher, students will receive a "CR". Letter grades will not be applied.

Grading

Letter grades for classes may be A, B, C, D, E, or I. Pluses (+) and minus (-) may also be used. The teacher will inform the student of his/her grading policy during the first week of school. An "I" may be used ONLY when a student has unusual circumstances, which prevent him/her from finishing requirements. Any "I" not removed within one week will become an "E" unless a written request is made to the principal prior to the end of one week. In all cases, students must earn a minimum score of 60% in order to demonstrate mastery and earn a passing grade.

A semester exam grade may consist of quarterly exam grades given at the end of each marking period.

Semester Grade Averaging – Each marking period grade counts as 40% of the semester grade. Each Quarterly exam will count as 10% of the final semester grade. Students must receive an average of 60% on marking period and quarterlies to pass the semester.

A Pass/Fail grade will only apply to a High School Certificate. A Pass/Fail grade will not apply towards a High School Diploma.

Academic Learning Opportunities

Academic support is an opportunity for students to receive additional help in their academics. A parent may request to enroll his/her student in academic support at any time. The school offers several forms of academic support: morning study table, after school tutoring (when available), and working lunches. Any student may take advantage of the morning and after school academic learning opportunities.

A student who is failing one or more classes may be assigned to attend after school tutoring/directed study/morning study table/working lunches. Students may also be assigned to the after school program for failing to do their class work.

- Teachers/staff will contact parents making suggestions for academic support when a student is failing a class.
- Whenever a parent cannot be contacted or does not respond to an academic support suggestion, the teacher may place the student in one of the academic supports at his/her discretion.
- If a student is assigned to any of these academic supports they must attend.
- A student who fails to attend an assigned academic support may be referred for discipline.

Junior High Academic Probation

Students that are failing three or more classes after two weeks of any given marking period will be placed in the Academic Probation Program. This will mean that the students will attend working lunch. Students will be responsible

for getting their “Pink” working lunch pass. This will allow them to move to the front of the lunch line, helping them to report in a timely manner.

Student Expectations:

- Students will be required to sign in upon arrival to working lunch.
- Students will remain quiet while in working lunch.
- Students will be prepared with all materials upon arrival to working lunch.
- Students must have enough work to keep themselves busy the entire 30 minutes.
- Students will sit in assigned seats unless otherwise instructed.
- Students will not work together regardless of it being a group project.
- Students will be respectful of all staff and other students in working lunch.
- If the student needs a computer for working lunch it must be requested before working lunch begins.
- Students are expected to work from the time they enter the working lunch room until they are dismissed.
- Students will be dismissed from the academic probation program when they are passing 6 out of their 7 classes.

If the student is in attendance they will be expected to be at working lunch in a timely fashion. If the student decides to skip working lunch or refuses to attend, they will be assigned an after school detention. If the student is absent on their assigned day of working lunch they will be expected to make that day up. If the assigned day is not made up it will result in an after school detention. **This program is not intended to be a punishment; it is intended to be an opportunity to excel in academics.**

Honor Roll/Recognition

The Honor Roll is determined by a student’s nine-week grades. To qualify a student must earn a 3.00 Grade Point Average (G.P.A.) on a 4.0 scale. The G.P.A. will be determined by dividing the total points earned for the marking period by the number of classes taken.

The Valedictorian, Salutatorian, and Top 10 Honorees will be determined at the end of the seventh semester for those students who will be earning a high school diploma. Please Note: Transfers are required to be full-time Whittemore-Prescott High School students for a minimum of three (3) full and consecutive semesters immediately preceding the end of the first semester of their senior year in order to be eligible for the award of Valedictorian or Salutatorian, or top 10 honorees.

Dual Enrollment

Students can qualify for dual enrollment by taking one of the following assessments: PSAT, PLAN, EXPLORE, ACT, or MME or the COMPASS tests and meet the college admittance requirements. Students must meet the reading testing standards for subject areas not covered by the qualifying test.

Tuition and fees only will be paid for by the local school district—not to exceed the state portion of the student’s foundation allowance, adjusted to the proportion of the school year he/she attends the post-secondary institution. Successful completion of the college class will earn the student college **and** high school credit at the same time. Interested students should discuss the matter with the counselor thoroughly to secure pre-approval. Students will be required to use school-provided bussing to the class site.

Whenever possible, dual enrolled students will be required to take any core academic classes required (rather than electives), until/unless all core classes are successfully completed. If dual enrolled students are in the building during the school day and do not have a scheduled class, they must be in the library unless they have written permission from the librarian to be elsewhere.

Online Classes

Students interested in taking online classes must pick up an application from the counselor/office. Should you request that your child participate in the online class experience, please note the following:

- Students must meet all application deadlines.
- If approved, both parent and student must agree to the Online Learning Course Contract.
- All online students will have a supervising teacher assigned to them. The supervising teacher is the only one to grant quiz or test retakes as well as opening new units.

- Only two additional retakes are allowed. (Four tests or quizzes total.) If a student does not pass after four tries the average of the four attempts will be the grade received for the test/quiz. This grade will be entered and a bypass granted.
- Any cumulative test or exam must be taken at school under supervision.
- Any class requiring journal entries: journals must be completed and will be graded by the supervising teacher.
- All classes must be completed by the end of the semester or an “E” will result. If this happens a student may attend summer school to complete the online course for credit by June 30.

Early/Middle College

Whittemore-Prescott Area Schools will be offering students in grade 11 who have shown the intellectual and emotional maturity through college preparatory courses the opportunity to enroll in the Early/Middle College program through the Iosco RESA Early/Middle College Program. Student preparedness will be validated by their scores on the COMPASS test or other test accepted by Kirtland Community College. The structure of the program will be a cohort group starting the 11th grade year taking 12 college credits, 18-20 college credits as 12th graders, and then taking 30 additional college credits as 13th graders. The goal is that the student will be able to attain an Associate’s Degree at the end of the 13th year. Transportation will be provided by W-P for the 11th and 12th grade years. For the 13th Grade, students will have the option to attend classes at Kirtland Community College’s main campus at Roscommon, at the West Branch site, on-line, or at the IRESA. Students enrolled in the program who have met the Early/Middle School criteria during their senior year will be allowed to participate in commencement activities, however, diplomas will not be granted until the completion of the fifth year.

Bay Arenac or Iosco Regional Educational Service Agency

Students at the junior and senior class level and who wish to pursue certain Vocational Programs may be eligible to take classes at the Bay Arenac or IRESA Career and Technical Education Center. Students will be able to earn up to three (3) credits per year, for a grade. The remainder of the school day will be in attendance at Whittemore-Prescott High School. Transportation will be provided to and from the Skill Centers and all students will be expected to ride it daily (Any deviation from this policy requires prior written approval of parent and principal). All W-P school rules are in effect while on the bus and at the Center unless superseded by Skill Center policy. The academic counselor will arrange the program with each student as the slots are allowed us. Students are reminded that you may attend Skill Center classes on some days when W-P H. S. is not in regular session. Criteria for application to and continued enrollment in tech center programs shall include:

1. Maintain a minimum 1.5 grade point average.
2. No more than 5 unexcused absences per semester in the semester preceding application to the program.
This includes second year and current students.

Whenever possible, Career and Tech enrolled students will be required to take any core academic classes required (rather than electives), until/unless all core classes are successfully completed.

Work Permit

As a district, we want to help our students to become successful contributing members of society; however, we believe education should come first. With that being said, beginning in the 2021 - 2022 academic year, Whittemore-Prescott Jr./Sr. High will be issuing work permits based on eligibility. Students who maintain a grade of “C-” or above in all of their classes and/or regularly attend school are eligible to receive a Work Permit. A grade check will be done every three weeks and if a student fails to maintain their grades, they risk having their work permit revoked.

Making Up Work

It is the student’s responsibility to contact teachers the day of returning from an absence and make necessary arrangements for missed assignments. Generally, make-up work should be completed in the number of school days equivalent to the number of days absent from school unless an alternate deadline is provided by the teacher.

Homework

Homework assigned outside the classroom is expected to be completed by ALL students. It is the student’s responsibility to see that all assignments are done neatly and turned in on time. When a student is absent from school or has missed a class for some reason, they must make arrangements with the teacher regarding assignments missed.

Homework expectations may vary from teacher to teacher; therefore, it is the student's responsibility to communicate with their teachers to clarify those expectations.

If work is requested to be given out ahead of time or sent home with the student ahead of time, it may not be given again and is expected to be completed by the date set forth by the teacher.

Homework requests will be honored for students who are absent two or more days. Requests must be called into the office prior to 8:30 am.

Student Assessment

In addition to classroom assessments and NWEA testing, students will be required to take all/any state-mandated assessments, such as M-Step, SAT, PSAT, ACT WorkKeys,

Computer Use Code of Ethics

Use of technology at Whittemore-Prescott Schools is a privilege extended to students, faculty, and staff to enhance learning, conduct research and communicate with others. Independent access to network services is provided to students who agree to act in a considerate and responsible manner. Access to the network is a privilege, not a right, and includes the following responsibilities:

Users violating any of these Rights and Responsibilities will face disciplinary action up to and including being banned from using school hardware and/or restitution for damages.

WPAS Technology Acceptable Use Policy

Accounts: Students will be issued a unique account for access to computers and the internet for the duration of their enrollment. Students are expected to keep the password for their account(s) secret. Any violations of policy will be deemed to be the responsibility of the user logged in at the time.

Data retention: Upon withdrawal from WPAS, student accounts are deactivated but retained for one year, at which time they will be deleted. Students returning within that time will have their accounts reactivated.

*****Seniors, your accounts will be deactivated June 30th following graduation and will be deleted, December 1st of that year. Please save any work/contacts/etc. to a new account before this deadline. Also, please create a personal email account for communications with colleges, trade schools, etc. so they will be able to contact you after this.**

Google Apps for Education (GAFE): WPAS has a GAFE account and creates individual Google accounts for all students. These accounts include access to a school managed email, as well as other tools such as Docs (word processor, spreadsheet, presentation tools, and calendar to be used for school related work. These accounts are issued to the students, just as any textbook would be issued to a student, and managed by the district Technology Supervisor.

As WPAS is moving to online teaching tools, an account for online access is necessary for students. The information in these accounts is hosted on Google's servers, giving students anywhere, anytime access to their tools and materials. This will allow your student to meet the National Educational Technology Standards as they progress through their education at WPAS. This is a necessity for all students to have access to common tools in an ever changing and competitive world.

Security: WPAS receives our internet connection from Bay-Arenac ISD. BAISD owns and maintains the firewall and content filter for the network. While we work hard to protect students from inappropriate content, no filter is perfect and students may come across inappropriate content. We will update the filter programming upon inappropriate access being reported.

Conduct: Students are responsible for good behavior just as they are when they are in session in the school buildings. It is illegal to use obscene, profane, threatening, or disrespectful language. Communication with others should be course related. Students should never say anything in an email that they would not mind seeing on the school website or in the local newspaper. Students should notify their teacher or other staff of anything inappropriate or that makes them uncomfortable. Bullying will not be tolerated and the privacy of others should be respected at all times.

Privacy: As with any other school resource, the School Board and administration reserve the right to access and review content in the GAFE system at any time, consistent with board policies. The School Board complies with all state and federal privacy laws.

Damage: Students/parents will be held financially responsible for intentional damage or damage caused through carelessness.

As with any educational endeavor, we feel a strong partnership with families is essential to a successful experience. By agreeing to the handbook I authorize the district to consent to the sharing of information about my child to website operators as necessary to enable my child to participate in any program, course, or assignment requiring such consent under the Children's Online Privacy Act.

- I will not use district computers, devices, and/or internet service to cheat on assignments or tests, or help others to do so.
- I will not copy anything I see on a computer or the internet and claim it is my own work. This is plagiarism and it is illegal.
- I will keep any passwords I am given for access to district systems secret from others.
- I understand that any district issued device or account is not private, and that administrative staff of the district may view any activity on any device.

Attendance Policy

Statement of Purpose: The purpose of this attendance policy is to help students to maintain academic standards for earning credit. Excessive absenteeism may prevent a student from attaining the prescribed minimum academic standards necessary to earn credit.

Main Provisions for Attendance

1. Each student is allowed seven (7) parental discretionary absences per semester. The school will document that the parent has called or sent a note making the school aware of the reason for the student's absence. However, these absences will still accrue toward the eight-absence truancy limit.
2. Certain absences will be excused and NOT counted against the 7 parental discretionary absences. Such absences are ones that can be documented, and include but may not be limited to the following:
3. Documented doctor, dental, orthodontist, psychiatric appointments, etc.
4. Hospitalization or extended and documented homebound illness where the student is under a doctor's care.
 - a. Serious family problems that can be documented, such as a hospitalized parent.
 - b. Death in the family (limited to 3 days under this section)
 - c. A pre-approved educational experience such as participation in a major community service project.
 - d. Out of School Suspensions (Bus suspensions do not excuse the student from school under this section).
 - e. Court appearances (documentation must be provided)
 - f. Students who decide to make college or Armed Forces recruitment visitations (two days per year) may do so as long as the visit is properly documented for this purpose. Any sophomore, junior, or senior who decides to job shadow may do so (two days per year) as long as they are properly documented for this purpose. Only two days total may be used per year for college/recruitment/job shadow.
 - g. Students are responsible for bringing proper documentation into the office for each absence on their first day back to school following said absence. Documentation must be provided to the office by the second day the student returns. Failure to provide proper documentation by the second day will require the office to consider the absence as unexcused. Disciplinary action may then be taken.
5. Unexcused absences are absences in which a student is absent from class for skipping, leaving the building without office permission, not providing proper documentation, accumulating any absences over the seven (7) parental discretionary absences, or missing more than 15 minutes of any class. (Missed class work will be given to students to complete for credit.)
6. The school will notify parents by sending attendance letters to the address on file upon the student's fourth and seventh absences.
7. A parent conference may be called as a result of excessive absences.
8. The county truant officer may be notified along the following schedule: 1st Referral Eighth unexcused absence 2nd Referral Ninth unexcused absence 3rd Referral Tenth unexcused absence
9. Students may be subject to disciplinary action up to and including being dropped from school or a recommendation to the Board of Education for expulsion due to school incorrigibility for excessive absences.
10. It is the student's responsibility to request and complete any missed class work due to being absent from class. The student will have one day for each day absent to get missed work completed and turned back to his/her teacher. No more than one week's worth of work will be provided at a time for extended absences and suspensions.
11. Any student involved in the school-to-work program (Bay-Arenac or Tawas) that is dropped from or withdraws from that program may also be dropped from Whittemore-Prescott High School until the next semester.
12. Whittemore-Prescott Jr/Sr High School does not maintain an open campus where students may come and go as they please during the day. Students may not sign out and/or leave school and return without administrative approval even if they are 18 years old (unless an age of majority form is on file in the office).

General Attendance Reminders

1. Students who become ill or injured during the school day are to report to a staff member or the principal's office for assistance.
2. No student will be marked absent if he/she is unable to attend school because bus transportation was temporarily suspended due to adverse weather conditions.
3. When unusual circumstances exist concerning absences not covered by the policy, parents/guardians should

contact the school. Students who abuse the attendance policy will be dealt with in an appropriate manner. The administration reserves the right to use discretion as needed in ALL attendance situations.

Application for Pre-Excused Absence

For absences of two or more consecutive days, students may complete a Pre-Excused Absence Form. It is the student's responsibility to get teachers' signatures and comments prior to getting their parent's signature. The application form must be completed and returned to the office for final approval before the requested absence(s) occur. Pre-excused absences allow the student to get homework prior to their absence. These absences will count as parental discretionary absences.

Truancy/Skipping School

Truancy/Skipping school is defined as being absent from school or class without parental and school permission or awareness. Mandatory school age students will be subject to the following provisions:

1. Notification of parents/guardians.

4. Possible referral to appropriate agency (county truant officer, school social worker, etc.)
5. Other alternative disciplines as determined by principal/designee.

Tardiness

Students are expected to report to all scheduled classes on time. An unexcused tardy is defined as not being in the assigned class or area on time. A valid pass will excuse the tardiness. Students arriving 15 minutes late, or more, without a valid pass will receive an unexcused absence. Excessive tardiness will NOT be tolerated. The student will be assessed discipline according to the following schedule for tardiness per semester:

- 2nd Tardy in a class = the teacher will notify parent/guardian.
- 3rd Tardy in a class = office referral and after school detention.
- 4th Tardy in a class = office referral and after school detention.
- 5th Tardy in a class = office referral and after school detention.
- In cases of excessive tardiness beyond the fifth (5) tardy, parents will be contacted for a mandatory meeting with the principal or their designee and a referral may be made to the truancy officer.
- Failure to serve an after school detention or follow the above guidelines will result with the student being suspended for each violation.

Behavior Expectations

When you have a substitute guest teacher, aide, or volunteer, you should maintain expectations they request, in addition to your usual expectations. Students should not leave a classroom unless they get a pass from a teacher.

Public Displays of Affection/Undue Familiarity

Excessive personal contact (kissing, front hugging, etc.) in school is considered in poor taste. It will be discouraged by both faculty and the student body. Excessive personal contact may warrant a written reprimand and parents may be notified. Hand holding and side hugs are the only permissible displays of affection allowed. There is NO permissible physical contact between junior high and high school students.

A substantiated charge against a student shall subject the student to disciplinary action, which may include suspension or expulsion.

Anti-Bullying Policy

It is the policy of the district to provide a safe educational environment for all students. Bullying of a student at school is strictly prohibited. Any written, verbal, or physical act, or any electronic communication, that is intended or that a reasonable person would know is likely to harm one or more students either directly or indirectly by doing any of the following:
 - a. Substantially interfering with educational opportunities, benefits, or programs of one or more students;

2. **Retaliation/False Accusation.** Retaliation or false accusation against a target of bullying, anyone reporting bullying, a witness, or another person with reliable information about an act of bullying is strictly prohibited.

B. Reporting an Incident. If a student, staff member, or other individual believes there has been an incident of bullying in violation of this policy, s/he shall promptly report such incident to the appropriate principal or designee, or the Responsible School Officials, as defined below.

A report may be made in person, via telephone, or in writing (including electronic transmissions). If an incident of bullying is reported to a staff member who is not the appropriate principal or designee, or a Responsible School Official, the staff member shall promptly report the incident to one or more of the aforementioned individuals.

Anonymous Reporting. To encourage reporting of suspected bullying or related activities, each principal, with advice and consent of the Responsible School Official(s), shall be responsible for creating, publicizing, and implementing a system to permit individuals to make anonymous reports. Any such system shall emphasize that the District's ability to investigate anonymous reports may be limited.

Complaints Against Others. Complaints of bullying by the building principal or designee may be reported to the Superintendent. Complaints of bullying by the Superintendent may be reported to the President of the Board of Education. Complaints of bullying by a board member will be reported to other board members.

Bullying or other aggressive behavior toward others, whether by students, staff or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to others, which causes or threatens to cause bodily harm, reasonable fear for personal safety or personal degradation.

- C. **Investigation.** All reported allegations of a policy violation or related complaint about bullying shall be promptly and thoroughly investigated by the building principal or designee. A description of each reported incident, along with all investigation materials and conclusions reached by the principal or designee shall be documented and filed separately with similar materials in the District's central administrative office.

- F. **Responsible School Official.** The Superintendent ("Responsible School Official") shall be responsible for ensuring the proper implementation of this policy throughout the District. The foregoing appointment shall not reduce or eliminate the duties and responsibilities of a principal or designee as described in this policy.
- G. **Posting/Publication of Policy.** Notice of this policy will be: (a) annually circulated to all students and staff, (b) posted in conspicuous locations in all school buildings and departments within the District, (c) annually discussed with students, and (d) incorporated into the teacher, student, and parent/guardian handbooks.

Private Vehicles

If you are of legal age and have met all requirements, the State of Michigan grants you the privilege of operating a motor vehicle. The State also warns you that misuse of this privilege may result in losing it. If you drive your motor vehicle to school, you do so with the clear understanding that this, also, is a privilege and if abused may be taken away.

Below are listed the conditions that students must follow in order to drive a motor vehicle to school:

1. Students must register all motor vehicles (car, truck, motorcycle, etc.) and are required to display the parking permit on your rearview mirror, visible through the windshield.
2. Students are not allowed to return to their vehicle before school or during class hours.
3. Upon parking vehicles, students are expected to enter the school building and not loiter in the parking lot.
4. Be responsible for your vehicle at all times, regardless of who is driving it.
5. Always drive in a safe manner, observing all laws and rules as prescribed by the State of Michigan and school.
6. Park in the area designated for students. Upon leaving your vehicle make sure it is locked. ENTER AND EXIT VIA STUDENT DRIVEWAY ONLY!
7. Do not sit in or allow other students to sit in the car after arrival, during lunch hours, or any school hours.
8. Understand that the school assumes no responsibility for damage or vandalism to student vehicles, nor stolen/missing items from vehicles.
9. The use of a vehicle is permitted when consent has been given by the owner or operator of the vehicle to inspection at reasonable times and places on the part of school officials.

Personal Vehicle Violation/Consequences

Violation of any of the vehicle rules will result in disciplinary action against the student. The action may include: oral warning, disciplinary action, fines, or loss of school parking permission.

Bus Transportation

Riding the school bus is a privilege and students are expected to follow all transportation regulations. Failure to do so may result in the loss of transportation privileges. Transportation questions and concerns should be directed to the transportation director.

Bus Passes

Students may have one alternate address to be dropped off at in case of an emergency. The address has to be on file with the transportation office. If the address is not on file, the office will not be able to issue a bus pass. Alternate address forms are available from the bus driver or the school website.

The school will need written notification in order to honor a request for transportation to an alternate address. No phone calls will be accepted for bus passes. The transportation department will not honor requests for transportation other than an emergency situation. Parents will be responsible for transporting their children for any other reason.
